

# What's New in Institutional Profiles?

---

## November 2015

### Institutional Profiles Data Update

---

This update refreshes the data set to add one year of new data. As a result:

- The number of countries represented is now 73. The number of institutions included in the service is 740, including the following regional representation levels:

Region	Number of Institutions by Region
Africa	17
Asia	206
Europe	293
Latin America	20
North America	169
Oceania	35

Complete lists of institutions, countries and aggregations may be downloaded in an [Excel<sup>1</sup>](#) file.

- The data set now incorporates the results of the 2015 reputation survey. Five years of data make trend analysis possible.
- Bibliometric indicators are based on articles published between 2005-2013 and citation counts up to 2014.
- Data supplied by participating institutions on staff students and funding is updated to include 2013 data.
- Textual descriptions, such as official institution names, mission statements and key contacts have been updated
